

Why Use Energy Guzzling Air Blowers?

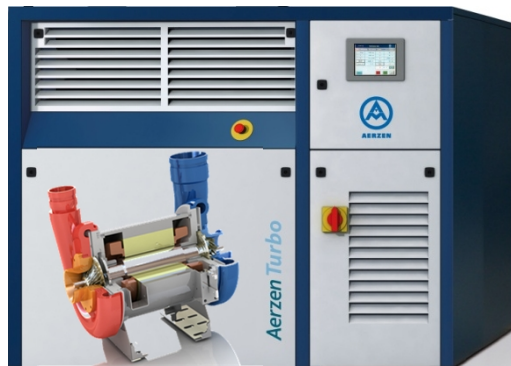

Blowers for Conveying of Milled Coal, Dosed coal & Main Coal.

Aeration in Silo & Air injection for Kiln Burner.

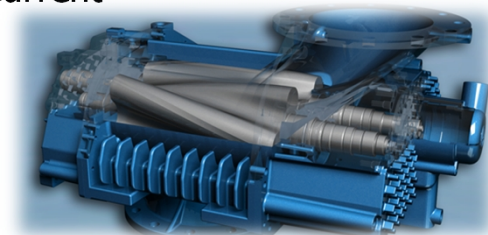

Switch to Aerzen Turbo & Save 50% Energy!!!

RANGE OF RELIABLE AIR-BLOWERS

- SUPER ENERGY EFFICIENT TURBO
- DELTA HYBRID
- DELTA

- § No Gear Box / No Belt Drive: No Energy Loss & No Lubrication
- § Permanent Magnet Motor: High Efficiency at all Loads
- § Starting Current < 5% of Full Load Current
- § Wire-to-Air Efficiency of 70%
- § Built-in VFD for Capacity Control
- § Air-foil Bearing: No Lubrication
- § Low Noise & Low Vibration
- § Air Cooled: No Water Required
- § Built-in Flow Meter
- § Touch Screen HMI

One Step Ahead!
