

We lay the foundation for the future generation

If you are into the business of power generation, you understand how critical it is to have strong foundations for your windmill. That is why, it is extremely important to have a steel manufacturer you can trust.

Shree Om is a 1000-crore group based in Jalna, Maharashtra, manufacturing Reinforcement Steel (TMT Bars) and 'Cut and Bend' TMT bars. We are the major suppliers to wind power generation companies in India, and have been meeting their requirements, year after year.
