INDIA'S MULTIMODAL TRANSPORT OPERATOR

Caring for you - all the way

- ◆ The wind blade adapter ushers in a new paradigm in the wind blade logistics world.
- ◆ Helps negotiate tight corners or obstacles within urban ranges or hilly terrains.
- ◆ The position of the rotor blade can be adapted to the route without any time loss.
- ◆ The new wind blade adapter can be mounted and transported using a pulled platform trailer combination as well as self-propelled modules.
- ◆ The flexible transportation of rotor blades from different manufacturers is made possible through the quick release plate.
- ◆ Capable of handling blades up to 60m long; 20 MT.
- ◆ Maximum stability utilizing sliding counterweight.
- ◆ Safety & maneuverability
- ◆ Cost implications – following expenses can be avoided/reduced:
 - Tree cutting
 - Road development
 - Building demolition
